To: Applicants, All Municipalities
REF: **Listing of On-Lot Sewage System Designers/Installers**

Applicant,

It has come to my attention that individuals are not aware of who is available to complete on-lot sewage system designs and to install septic systems.

Sewage Enforcement Officers (SEO's) are not allowed to design systems in municipalities where they are employed as the SEO.

The following listing is not a recommendation list, it is merely a compilation of individuals and companies who have expressed an interest in being listed as designers/installers. They are listed below.

<u>Name</u>	<u>Phone</u>
East Penn Excavating (Install)	610-756-4167
John A. Kortvely, Geologist, Inc.	610-760-2507
Lehigh Soils & Wetlands, Scott C. Beiber	610-965-1167
