Lehigh County Conservation District: 610-391-9583 Fax: 610-391-1131

480 LOGGING (Ord. #2002-2)

- 480.1 All logging operations shall be conducted according to current best management practices and all applicable local, state and federal regulations.
- 480.2 A logging plan shall be prepared and submitted to and reviewed by the township, for each harvesting operation within the district by a professional forester or a forest technician. Pennsylvania Department of Conservation and Natural Resources (DCNR), Bureau of Forestry, shall be contacted for assistance in preparing a harvesting plan and their input shall be included in the plan.
- 480.3 All applicants are strongly encouraged to seek woodland management assistance through the Pennsylvania "Forest Stewardship Program" administered by the Pennsylvania Bureau of Forestry.
- 480.4 The plan shall address all applicable erosion and sedimentation control and stream crossing regulations under Chapter 102, Erosion and Sediment Control Rules and Regulations issued under the Clean Stream Law and Chapter 105, Dam and Waterway Management Rules and Regulations issued under the Dam Safety and Encroachment Act, as amended, or subsequent applicable legislation. Any earth disturbance shall require an E & S Control Plan submitted to and reviewed by the township. Any earth disturbance over 5,000 square feet shall be submitted to the Lehigh County Conservation District for their review and approval.
- 480.5 Copies of all permits and plans shall be available at the Site and submitted to the Township.
- 480.6 For all tree-harvesting operations the township enforcement officer shall be notified before the beginning and at the end of the operation. This meeting with township enforcement officer shall be held prior to any operation. The purpose of this meeting is to determine the appropriate permits and/or plan required for that particular operation.
- 480.7 Felling or skidding on or across any public road is prohibited without the express written consent of the township or PennDot, whichever is responsible for maintenance of said road.
- 480.8 No tops or slash shall be left within twenty-five (25) feet of any public road and named recreational trail.
- 480.9 All tops and slash between a distance of twenty-five (25) feet and fifty (50) feet from a public road and named recreational trails shall be lopped to a maximum height of four (4) feet above the surface of the ground.
- 480.10 All constant flowing streams are an important natural resource, which need special protection, logging of only selected trees as determined by DCNR will be allowed within seventy-five (75) feet each side of the stream.
- 480.11 No tops or slash shall be left on or across a property boundary without written consent of the adjoining landowner.
- 480.12 Litter resulting from any logging operation shall be cleaned up and removed from the site Before the operator vacates it.

481 BOULDER FIELDS (Ord. #2002-2) (Ord. #2002-3)

- 481.1 Boulder fields are a unique natural resource and shall be protected from all types of development.
- 481.2 No excavation of any type shall be allowed within the boulder field.
- 481.3 No tops, slash or litter shall be left within a boulder field.
- 481.4 No felling or skidding of trees across or within a boulder field shall be allowed.
