Living Water

July 17-21

Get wet exploring everything that is in, around, and affected by water. The creek is alive with movement and things waiting for discovery. This week is focused on the connection between animals and water, fun and educational games, experiments, and looking at the park more closely.

Water’s Edge

July 31- August 4

This second week of water adventures features exploration and a different kind of experimentation. The properties of water are fun! How can we predict a coming storm? Where will the falling rain gather? Why does it seem to be able to walk slowly finding its way to new locations? We’ll still get wet, meet some wildlife, play water games, and get to know Ontelaunee Park a little bit more.

Summer Camp Questions?

Registration Questions: Contact Brandon Swayser at ext.136 or BSwayser@wildlandspa.org

General Camp Questions: Contact Denise Bauer at ext 131 or DBauer@wildlandspa.org

Free Programs for Lynn Township Residents!

Join us at Ontelaunee Park for TWO Night Hikes.

Ontelaunee Park: 7344 Kings Highway, New Tripoli, PA 18066

Night Hike

April 29, 2023 - 7pm-8pm

What are all those sounds? Did you know that you can identify frog species by their call? Some nights a pond can sound like it holds a choir. Join a Wildlands Conservancy Educator and, weather permitting, a slimy or bumpy friend or two! Let's see what we can find on a spring night.

Spooky Hike

October 21, 2023 - 7pm-8pm

The shuffling, snorting, hooting sounds in the darkness truly aren't anything to be afraid of. See nocturnal wildlife, erase the fear before pavilion lights are left behind and we enter the darkness.

<https://wildlandspa.secure.force.com/registration?id=7018Z0000018dJdQAI>

Registration for these programs are limited and will open 1 month prior to the program date, and closes the day before program, or when full.
