8. Budget Roundup/Current balances.

The EAC would like to reallocate the remaining funds from Signage (\$270.82) and 2026 Clean Up Day (\$220.03) to Invasive Remediation (\$349.21) and Bird Town sign hanging (\$100.00) - would this require an agenda item and vote by the BOS at your October meeting, or is the EAC free to reallocate the funds with an internal voting process?

The EAC would like to request a regular annual budget of \$2,500 or a sum the BOS can approve in the regular BOS annual budget. Can that be placed on the October agenda- or can that be negotiated via email? Assuming such a budget is "use it or lose it"?

Develop list of planned "appearances" and costs associated with educational event attendance. Will need a logo 8ft tablecloth. Perhaps one for Bird Town, one for EAC and present as two tables next to eachother with coordinating logos

9. EAC member roundup. Review or prepare to review terms and what's ahead.
